

THE FACE OF QUALITY FOR ALL CONDITIONS

iLevel[®] Edge Gold[™] Premium Floor Panels

Quality builders rely on iLevel Edge Gold panels for good reason. They're tough enough to stand up to weather during construction delays. Each panel is consistently touch-sanded and engineered to start flat and stay flat. Thanks to our fastening template stamped on the face of every panel, iLevel Edge Gold panels are easier than ever to install, helping your crews get it done fast and get it done right.

- Limited 50-year warranty
- Limited 90-day no-sand guarantee
- Touch-sanded face for uniform thickness
- Precise tongue-and-groove fit
- Accurate fastener template
- Every panel ships working-side up

THE PANEL OF EXPERTS IN FAIR WEATHER OR FOUL.

iLevel Edge Gold panels don't just start flat, install flat and stay flat. Thanks to superior engineering and iLevel's innovative wood-resin combination, our panels also withstand the elements so well that they could even allow some framers to extend their building season. Plus, iLevel Edge Gold panels come with the added benefit of a 50-year limited warranty and a 90-day no-sand guarantee when used as directed.

The best builders are always looking for new ways to cut down on job cycle times, increase profitability, and minimize callbacks. That's why iLevel stamps the face of every panel with a precision fastening template and ships each bundle face-up, ready for easy and accurate installation right off the truck.

And to make sure the right products are on that truck, iLevel's TJ-Pro™ Ratings help you customize the specific level of quality and performance your customers want—using the most cost-effective combination of TJI® joists, TimberStrand® LSL rim board, and iLevel Edge Gold floor panels.
